Education

PhD in Geology “Doctor Europeus”, University of Salamanca (Spain), 2015.

Dissertation title: *The Sanabria Lake record: climate and environmental variability in the NW Iberian Peninsula for the last 26.000 years.*

Supervisors: Prof. Dr. Clemente Recio Hernández (Stable Isotope Laboratory, University of Salamanca, Spain), Prof. Dr. Blas Valero Garcés (Pyrenean Institute of Ecology - Spanish National Research Council, Spain).

Qualification: *Sobresaliente Cum Laude unanimously (maximum mark).*

M. Sc. in Petrology and Geochemistry, University of Salamanca (Spain), 2009.

Dissertation title: *Sedimentology and hidrogeochemistry of the El Cristo and La Cervera ponds (Salamanca, Spain).*

Supervisors: Prof. Dr. Ildefonso Armenteros Armenteros and Prof. Dr. Ángel Corrochano Sanchez (Department of Geology, University of Salamanca, Spain).

Qualification: *Sobresaliente Cum Laude unanimously (maximum mark).*

B. Sc. in Geology, University of Salamanca (Spain), 2007.

Other:

- **Assistant Professor Ph.D. Accreditation**, Agency for Quality University System in Castilla y León - ACSUCYL (Spain), 2016.
- **Teacher Certificate**, University of Salamanca (Spain), 2009.

Fellowships and Awards

- 2016 **Extraordinary Doctoral Awards**, University of Salamanca (Spain).
(Awarded to the best Earth Science PhD Thesis of the year).

- 2012 **Grant for Short Term Scientific Mission (STSM)**, European Cooperation in Science and Technology, Earth System Science and Environmental Management COST Action ES0907 (ESSEM COST Action ES0907) - INTegrating Ice core, MArine and TErestrial records - 60,000 to 8000 years ago (INTIMATE)
- 2010 **Extraordinary Master Awards**, University of Salamanca (Spain).
(Awarded to the best Geology Master Thesis of the year).
- 2009-2013 **PhD. Fellowship**, University of Salamanca (Spain).
- 2006-2007 **Department Collaboration Fellowship** - Spanish Ministry of Education and Science.

Professional and research experience

- 11/2016 to present **Post Doctoral Researcher**, Archaeological Micromorphology and Biomarkers AMBI Lab, University of La Laguna (Spain).
(with Dr. Carolina Mallol)
- 10/2012-12/2012 **Pre Doctoral short-stay**, Organic Surface Geochemistry Lab, University of Potsdam (Germany).
(Supervisor: Dr. Dirk Sachse)
- 05/2011-07/2011 **Pre Doctoral short-stay**, Organic Surface Geochemistry Lab, University of Potsdam (Germany).
(Supervisor: Dr. Dirk Sachse)
- 03/2011 **Pre Doctoral short-stay**, Department Navigation and Earth Sciences, University of A Coruña (Spain).
(Supervisor: Dr. Roberto Bao)
- 09/2009-05/2015 **Doctoral Researcher**, Stable Isotope Laboratory - University of Salamanca (Spain)
(Supervisor: Dr. Clemente Recio Hernández, Dr. Blas Valero Garcés)
- 12/2006-07/2009 **Student Research Assistant**, Department of Geology, University of Salamanca (Spain).
(Supervisor: Dr. Ildefonso Armenteros, Dr. Ángel Corrochano Sánchez)

Teaching Experience

- 2012-2016 **Teaching Assistant, Master Earth Sciences: Environmental and Applied Geology** (Modern Sedimentary Environments). University of Salamanca (Spain).
(Supervisor: Dr. Ildefonso Armenteros Armenteros)
- 07/2016 **Teaching Assistant, Pre-College Summer Program at University of Salamanca (Spain)**. "Campus Summer Scientific" is funded by Spanish Foundation for Science and Technology (FECYT), Spanish Ministry of Education, Culture and Sport and supported by Obra Social "La Caixa"
(Supervisors: Dr. Miguel Lizana, Dr. Ana Negro,)
- 20/05/2016 **Invited Talk**
Title: *El registro sedimentario del Lago de Sanabria (España): reconstrucción paleoambiental de los últimos 25.000 años a partir del estudio de biomarcadores.*
Institution: University of La Laguna
Location: Spain

- 06/05/2016 **Invited Talk**
 Title: *El sedimento del Lago de Sanabria*
 Institution: *University of Salamanca*
 Location: *Spain*
- 08/05/2015 **Invited Talk**
 Title: *El registro del Lago de Sanabria: variabilidad climática y ambiental en el NO de la Península Ibérica durante los últimos 26.000 años.*
 Institution: *Pyrenean Institute of Ecology - Spanish National Research Council,*
 Location: *Spain*

Participation in research projects

- 2016 to present **PALEOCHAR - ERC-CoG-2014**
 'Insights into the Neanderthals and their demise from the study of microscopic and molecular charred matter in Middle Palaeolithic sediments'.
 Funded by *EUROPEAN RESEARCH COUNCIL - Consolidator Grant - HORIZON 2020 - ERC-2014 - CoG, Grant Agreement 648871 (2 M €)*
 Project Coordinator: *Dr. Carolina Mallol (University of La Laguna, Spain)*
- 2013-2015 **HOLOCHILL-CGL2012-32501**
 'Cambio global durante el holoceno en Chile a partir de un transepto de registros lacustres desde el trópico a la región mediterránea (18°-36°)'.
 Funded by *Spanish Ministry of Economy and Competitiveness (109,985 €)*
 Project Coordinator: *Dr. Blas Valero Garcés (Pyrenean Institute of Ecology - Spanish National Research Council, Spain)*
- 2010-2013 **GLOBALKARST-CGL2009-08415**
'Hydrological and geochemical response of karstic lakes to anthropogenic and climate forcing for the last 4000 years in the Iberian Peninsula based on annually-laminated (varved) sequences'.
 Funded by: *Spanish Interministerial Commission for Science and Technology (CICYT) (181,500.01 €)*
 Project Coordinator: *Dr. Blas Valero Garcés (Pyrenean Institute of Ecology - Spanish National Research Council, Spain)*
- 2009-2012 **HORDA – PP.NN. 083/2009**
 'Dinámica glacial, clima y vegetación en el Parque Nacional de Ordesa - Monte Perdido durante el Holoceno'.
 Funded by *Red de Parques Nacionales, Ministerio de Medio Ambiente (104,324.02€)*
 Project Coordinator: *Dr. Blas Valero Garcés (Pyrenean Institute of Ecology - Spanish National Research Council, Spain)*

Research papers published in SCI journals

- **Jambrina-Enríquez, M.**, Sachse, D., Valero-Garcés, B.L. 2016. A Deglaciation and Holocene biomarker-based reconstruction of climate and environmental variability in NW Iberian Peninsula: The Sanabria Lake sequence. *Journal of Paleolimnology* 56 (1): 49-66.: DOI: 10.1007/s10933-016-9890-6

Participation in science divulgation events

- Scientist guide for the first 'Geolodía' of the province of Zamora. Geolodía11 – 'Sanabria, tras las huellas de los glaciares'. Zamora, Spain, May 8th 2011. http://www.sociedadgeologica.es/divulgacion_geolodia.html. Geolodía is an outreach initiative of Geology and the profession of geologist. The Geolodía consists of a set of free tours, guided by geologists and open to all audiences. The promoters of Geolodía are: Geological Society of Spain (SGE), the Spanish Association for the Teaching of Earth Sciences (AEPECT) and Geological Institute and Mining of Spain (IGME).

Technical skills

Analytical laboratory skills and instruments

- Extraction of lipids from sediments and plants using ASE 350 Dionex and purification with column chromatography (SPE).
- Separation, identification and quantification of biomarker compounds on an Agilent GC-MSD/FID system.
- Determination of the stable carbon and hydrogen isotope ratios of individual biomarker compounds on GC-C-

IRMS (ThermoFisher Delta V Plus IRMS).

- Preparation of sediment samples for stable isotope analysis in organic matter ($\delta^{15}\text{N}$ and $\delta^{13}\text{C}$), carbonate mineral phases ($\delta^{13}\text{C}$ and $\delta^{18}\text{O}$) and sulphates mineral phases ($\delta^{34}\text{S}$ and $\delta^{18}\text{O}$).
- Extraction and separation of fossil and modern lacustrine diatoms for stable isotopic analysis ($\delta^{18}\text{OBioSi}$).
- Preparation of water samples for isotopic analysis: $\delta^{34}\text{S}(\text{SO}_4)$, $\delta^{18}\text{O}(\text{SO}_4)$, $\delta^{15}\text{N}(\text{NO}_3)$, $\delta^{34}\text{S}(\text{S}^-)$, $\delta^{13}\text{C}(\text{DIC})$, $\delta^{13}\text{C}(\text{POM})$, $\delta^{13}\text{C}(\text{CO}_3\text{Sr})$, $\delta^{18}\text{O}$ and δD
- Extraction lines for the measurement of stable isotope ratios (Carbonate and Sulfur Lines).
- EuroVector Euro EA3000 elemental analyzer
- ISOPRIME and SIRA II Isotope Ratio Mass Spectrometers
- Preparation of water samples for ICP-MS and ICP-OES.
- Preparation and extraction of clay fraction and bulk sample for XRD.
- X-ray diffraction (Bruker D8 Advance) and interpretation of XRD-diagrams.
- 6770 Freezer/Mill®

Fieldwork skills and participation in project campaigns

- In-situ measurements of physical-chemical parameters with different multiparametric probes (e.g. temperature, pH, conductivity, dissolved oxygen, turbidity) and water sampling with Niskin bottle.
- Sampling of superficial sediments in lakes with short-coring systems.
- Manual piston corer (Livingstone core sampler).
- Recovery by 'Livingstone corer and Uwitec system on floating platform in lakes.
- Sampling in-situ for ^{137}Cs / ^{210}Pb dating.
- Participation in project campaigns:

LAGUNAS DE VILLAFÁILA (Zamora, Spain) – Research campaign (Febrero 2016).

SANABRIA-LAKE (Zamora, Spain) - PhD project (2009-2014).

GLOBALKARST project campaign (La Parra lake, Cuenca, Spain) (May 2010)

HORDA project campaign (La Estiva and La Larri, Huesca, Spain) (July 2010).

EL CRISTO and LA CERVERA ponds (Salamanca, Spain) – M.Sc project (2007-2009) and Research campaign (2010 - 2014).

Data processing skills

- Multivariate statistical analysis: SPSS 14.0 and SigmaPlot 12.
- Graphics design software, such as Photoshop or Freehand.
- Microsoft Windows operating system.

Language skills

- Good knowledge of Spanish (mother language) and English.
- Basic knowledge of German.

Miscellaneous

- Professional Music Degree - Piano, Conservatory of Music - Zamora (Spain), 2002.
- Driving licence (Spain, B1 type)
